Speaker and one other delegate complimentary. *Register additional delegates via the Investor option on our [website](#).*

INFORMATION FOR PARTICIPATING COMPANIES

Exhibition furniture and signage

We use pod display systems in our exhibition area. Each pod has two carpeted walls, approximately 1200mm wide by 2400mm high (see diagram below). A 1 metre x 200mm plate with your company name is velcroed across the top of each wall. These plates help investors quickly identify companies of interest, especially in a busy exhibition space — so we ask that they **not be removed**.

Each pod also includes a table, two chairs, and a brochure tray.

To ensure your posters fit neatly without overhanging, we recommend designing them at 1100mm wide by 2000mm high. As the walls are carpeted, please use velcro dots or strips to attach your display materials.

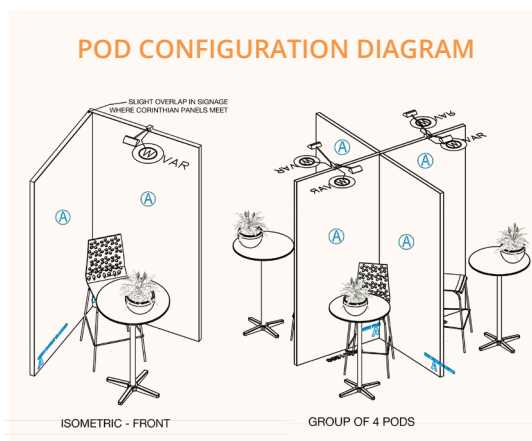

Share Pods

Given the demand for places at Noosa each year, we now also offer a 'share pod' option. This option allows interested companies to secure a presentation spot as well as a shared exhibition space at the event.

By sharing a pod, each participating company will have a designated space to meet with investors and **one display panel** on which to showcase its key information and credentials.

Conference meeting room

A small room - the Ohana Boardroom - is available for private and one on one meetings. The Boardroom can be booked via Reception at Peppers Noosa Resort.

PowerPoint presentation

PowerPoint is our preferred audiovisual program with slides designed on a 16:9 format. Your presentation time is 15 minutes and you will require no more than 15-20 slides. Presenters on Day 1 with 10-minute slots will require fewer slides.

Company delegate registrations

Each presenting company receives two complimentary delegate registrations as part of its participation fee.

Any additional company representatives can be registered via the **Investor** option on our registration page, **but please let us know**. We'll then make sure they receive the appropriate accreditation at the event.

Presentation replays

All presentations will be streamed live to a worldwide online audience and replays made available to presenting companies and uploaded to the *Company Descriptions* page of our website as soon as possible after their live presentation.

Marketing requirements

Company logo

To ensure your brand is promoted in the conference marketing material, please provide us with a high res copy of your company logo in JPG or PNG format.

Brief description of company operations

To ensure information provided to attendees is accurate, please provide us with a description of your company operations in **20 words or less**.

Shareholder notice permission

We strive to attract a large audience to our conferences. Widespread promotion of the event is vital and we seek your support to promote the event **at least four weeks beforehand** through the distribution of a notice (see example Appendix 1) of your company's participation to its shareholders.

CONFERENCE REQUIREMENTS & GENERAL INFORMATION

Conference payment

A tax invoice is issued once we have been advised of your intention to participate in the conference.

If you cancel and advise us 35 or more days before the event, we will make a full refund less a 10% handling fee.

If you cancel and advise us less than 35 days before, 50% of the conference payment will be refunded after the deduction of the handling fee.

No refund will be issued if we are advised less than 10 days before the first day of the conference.

If the conference has to be cancelled for any reason, companies can elect to take either 90% refund or apply the full fee as a credit towards future events.

Accommodation recommendations

A list of accommodation options and recommendations can be viewed on the Noosa Mining Conference website (www.noosaminingconference.com.au).

We recommend you book as early as possible to ensure your preferred option is available. Ask for the special NMIC rates when booking your accommodation.

You can book directly using the contact details on our website to obtain the best deals.

Staying at the venue, which is of very good quality and in our view fairly priced, is most convenient for company delegates. However, it sells out quickly so book early.

You can book directly via our [website](#).

Contacts for the Noosa Mining Conference

Please feel free to contact any of us if you have any questions or concerns.

APPENDIX 1

Sample Shareholder notice

**NOOSA
MINING**
INVESTOR CONFERENCE
PEPPERS NOOSA RESORT | 12-14 NOVEMBER 2025

[Company Name] will be providing an update on its operations and outlook for 2026 at the Noosa Mining Conference, taking place from 12-14 November at Peppers Noosa Resort.

As a shareholder, we'd love you to attend to hear directly from, and meet with the company's leaders as well as executives from other companies covering a diverse mix of commodities — precious metals, critical minerals and energy — all offering fresh perspectives on current market trends and investment opportunities.

The program also includes daily networking functions and catered breaks, providing valuable opportunities to connect with fellow investors and industry representatives.

For full details and to register—whether to attend in person or tune in online—head to: www.noosaminingconference.com.au.
